

TRANSFORM YOUR CAREER WITH A WASHBURN GRADUATE DEGREE

At Washburn University, we've made it convenient for working professionals to reach their goal of earning a graduate degree. Our wide range of programs will allow you to gain practical skills and expertise, while providing the flexibility to continue working along the way. We invite you to learn more about Washburn and how our degrees can help transform your career and community!

FAST FACTS

- Washburn offers full-time, part-time, online and evening course options.
- We've designed a smooth transfer process for students who already have credits.
- There are no extra fees on top of tuition.
- We're a public institution with a focus on high-quality instruction and mentorship.

FIND YOUR IDEAL DEGREE

Master of Accountancy

Take charge and become a leader in the accounting industry in one of three flexible formats.

Master of Business Administration

This program is high in quality, focused on student learning outcomes and offered in several flexible formats.

Master of Arts in Communication and Leadership

Become a collaborative and innovative leader in your field with this flexible online graduate program.

Master of Criminal Justice

This fully online program was the nation's first to receive Academy of Criminal Justice Sciences Certification in 2007.

Master of Education Programs

Choose from a wide range of our fully online graduate education programs covering leadership, district leadership, special education, literacy and more.

Health Care Education

These online health care education programs are offered in eight-week formats. You can select either the Master of Health Science track or the Post-Graduate Certificate.

Master of Arts, Family & Human Services/Addiction Counseling

Earn your degree fully online and complete fieldwork in your community as you work to become a licensed addiction counselor.

Doctor of Nursing Practice

Advance the business of nursing in one of our fully online DNP programs, whether you already hold a BSN or licensure or are not licensed in your state of residence.

Master of Arts in Psychology

Interact with clients during your second semester of training, become eligible for licensure immediately after graduation and participate in a guaranteed internship.

Psychiatric Mental Health Nurse Practitioner Certificate

This post-graduate online program will allow you to expand your practice in an individualized, part-time format.

Master of Social Work

Whether or not you hold a bachelor's in social work, our program allows for you to complete a dual-degree JD track or focus on either the school or health care settings.

How to Apply

When you're ready, **submit your application** with no fee and a fast admissions decision. Plus, test scores are optional for many programs. We look forward to seeing you advance your career with Washburn!
